Equotip Live

Metal hardness testing using Leeb and UCI technologies

Ultraportability
Wireless Leeb and UCI probes work seamlessly with the Equotip® Live mobile app. Finally, you can carry a hardness testing lab in your pocket.

Collaboration
Annotate measurements with voice, photos, and comments. Generate reports and share them instantly. Access your data from anywhere, anytime.

Versatility
Work with standards-compliant methods on the widest range of materials and geometries. Achieve flexibility of QA/QC in Lean operations and field inspection. Conversion to various hardness scales.
